The following grandchildren (noted above in 1880 Census) of Mahlon Yoders, M28, have not yet been precisely assigned to families:

M28__ - Clara Yoders born circa 1872.

M28__ - Jane Yoders born circa 1879.

The unknown Yoders parent is limited to 3 possibilities, all sons of Mahlon Yoders, M28: John, M282, born 7 April 1842; Robert L., M285, born March 1846; and Jacob, M286, born circa 1850. We do not know whether John, M282, was married or had issue. Because Robert L. Yoders was residing in Missouri at the time of the 1880 Census and had a 4 year old daughter born in Missouri, it seems highly unlikely that either of these 2 infants are his children. On Nov. 3 of the same year, their son, John Yotter, sold the 80 acres he had purchased 7 years previously for \$2,300.

"Melcher Yotter" will written 13 November 1858 - sons John and Jacob named executors, mentions wife Catherine and "two youngest sons Henry and George". Melchior died 28 March 1859, aged 60y 3m 25d.

NOTE: “The Jane {Esther Jane Elder} we are discussing is daughter of George W. Elder, brother to my ancestor Thomas J. Elder. Both brothers moved to Indiana, and lived in adjoining counties, Kosciusko and Whitely, beginning in the 1840s. This definitely looks like a match to me. Another point you might have missed when you looked at my record on RootsWeb. I'm sure you know how people name their kids after older relatives--parents, grandparents, brothers, sisters, etc. Well, Sarah Elder had a younger brother with the unique name Marquis deLafayette Elder. And what a coincidence that George W. & Esther Jane Yotter named one of children Marquis! - John Warstler, 2003.”

Data per Carl Catherman, Mifflinburg, PA- 4/2000- based on research at the Union County PA Courthouse.

In 1823 tax records show Henry is in Hartley Township, listed as a farmer on two tracts of land, one of 40a and one of 90a (but he did not own either tract). I did not check the years 1824, 1825, or 1827. In 1826 he is listed on the same two tracts as 1823 but his name is crossed out. I suspect the crossing out might have been a mistake because he is back again on the same two tracts in 1828 and remains there through 1831. In 1828 we find also listed for the first time an Abraham Yoder, a single man with no land, and this listing remains the same through 1831.

In 1832 Henry is a farmer with no land, but now Abraham is a farmer on 280a and there is a new listing for Jacob Yoder, who is a single man and cordwainer. In 1833 these three remain the same and there is another new listing for Daniel Yoder, single. In 1834, Jacob and Henry are as before, Abraham's land is reduced to 150a and Daniel is crossed out. In 1835, Henry, Daniel and Jacob have moved to Buffalo Township. 1836 is the same as 1835. In 1837 Henry and Daniel are crossed out and not listed anywhere else in the country,

but Jacob is still in Buffalo Township. In 1838 Henry and Daniel are nowhere to be found but Jacob is still in Buffalo, and there also for the first time is Nathaniel, single. At this point I stopped.

It is pretty clear that Henry Yoder either died or he left Union County in the spring of 1837. There are no probate records or orphan's court records relating to Henry's estate, but that isn't necessarily significant in light of the fact that Henry apparently never owned any real property. However, if he died here, I would assume he would have been buried with his wife. In Laurelton Union Cemetery there is a tombstone for Catharine Seidle, wife of Henry Yoder, died February 19, 1831, age 55y, 5m, 12d. She is the only 19th century Yoder with a tombstone in western Union County (Hartley Township, Borough of Hartleton and Lewis Township). Of course, it is possible that Henry is buried here in an unmarked grave.

However, I would have no doubt that the 1840 Henry Yoder in Wayne Township, Clinton County, PA is the same person as the 1830 Henry in Wayne Township, Lycoming County, PA. Clinton County was formed in 1839 from parts of Centre County and parts of Lycoming County and Wayne Township. Clinton County is right at the present border between Clinton and Lycoming.

It is correct to assume that the first appearance in tax records as a single male would result from reaching the age of 21. From the 1833 Hartley Township assessment book, one can see that names were arranged according to the first letter of the surname, not according to location. Thus, it is not possible to use these records to determine where the people lived.

Finally, there is a Yoder Cemetery in Union County. This was undoubtedly the oldest cemetery in the western part of the county. I do not know why it was called the Yoder Cemetery, but I assume only because it was on Yoder land. I'm sure it was not just a family cemetery because there are Cathermans known to have been buried there, which is what aroused my interest in the first place. Very little is known about this cemetery because it was desecrated over 125 years ago and converted into farmland. After some research, I was able to determine its approximate location near the present village of Millmont. I also talked to a Millmont resident who remembered that in the 1930s someone had removed the remaining tombstones from a nearby ditch. I was able to find a couple other people who recalled that incident because it raised a fuss. However, nobody seems to know what became of those stones. - Carl R. Catherman.

Catherine's parentage is stated in the probate file of her maternal grandfather, Andrew Morr, who died 1802. Melchior on tax list of Pickaway County, 1819; 25 acres and 2 cattle, 1820. He was not especially prosperous. Executor's bonds Pickaway County, Ohio, 1829. Melchior died in Pickaway County shortly before the 1830 Census, as it indicates Catherine as a widow, age 40-50, with only a girl in the household, age 5-10. After his death, his 41-acre parcel in Pickaway County was sold by Andrew Leist (husband of Catherine Yotter, M7) as administrator of Melchoir's estate in order to pay the debts of the estate; deed dated 30 May 1832. Melchoir's widow Catherine may have remarried on 29 November 1831 in Pickaway County to (2) Christian Gruber (died circa June 1842) and then possibly m. (3) George Stout, Sr., on 11 May 1843. Notes by Carl Catherman, Mifflinburg, PA.

Melchior Yoder, Jr., M5, was married to Catherine Bolender, daughter of Adam Bolender, Jr. and his wife Magdalene Morr. This fact is stated explicitly in the probate file of Catherine's grandfather Andrew Morr, who died in 1802. I have no reason to believe that Melchior Yoder, Jr. was ever married to anyone else.

According to tax records, Melchior, Jr. lived in Hartley Township (Union County) in 1815-17. Prior to that he was in Center Township (then Union, now Snyder County). His name is crossed out in the 1818 tax records, which is a good indication that he moved away in that year, very likely in the spring. This is probably when he moved to Pickaway County, Ohio.

It is important to note that between 1814 and 1818 Adam Bolender, Jr. and most (if not all) of his children moved to Ohio, in particular to Stark, Tuscarawas and Pickaway Counties. His son Benjamin Bolender moved to Pickaway County after 1820, and I would guess he did so because his older sister Catherine Yoder was already there.

Unfortunately, I have no idea what became of Catherine (Bolender) Yoder or her husband Melchior, Jr. or any children they might have had. I would agree that the 1829 executor's bond refers to him.

I guess that by now it is obvious that my interest in Melchior, Jr. is a result of my research on the Bolender family. Indeed I am working on a genealogy of four generations of descendents of the immigrant Johann Adam Bolender. - Carl P. Catherman, Mifflinburg, PA 3/2000

Melchior Yoder Jr. in Pickway County, Oh

Thanks so much to Carl Catherman for his recent research in Pickaway County, Ohio! He's discovered the estate files of Melchior Yoder Jr. (M5) and has shared the notes from his investigations. Chris Yoder, YNL , cyoder@tds.net

Regarding the probate file for Melchior Yoder (M5), the file is at the Pickaway County Historical & Genealogical Society, 304 South Court Street, P. O. Box 85, Circleville, OH 43113. The file number is 0-394. It is fairly extensive but there is little if anything of genealogical value. It does reveal that Melchior was not very prosperous. Among the more interesting items is a note for \$50 held by "George Panches". This is dated 1819 and it appears that nothing had been paid on it except the interest. There is also a claim presented by "Maylon Yotter Jun" which includes charges for "making saylor coat" and "making vest", and this is obviously from Melchior Yoder (M31). Both Melchiors could sign their names, and it is interesting to note that Melchior (M5) wrote "Melchior Yoder" in a distinctly Germanic style while Melchior (M31) wrote "Melcher Yotter" in a more Americanized style.

Assuming that Melchior (M5) owned land that would have been sold after his death, I searched land records. First. I found four deeds, all for the same 25 acres and all in Deed Record E on pages 148, 311, 395 and 403, all dated in 1820 and 1821. These pretty clearly referred to Melchior (M31), and I didn't take the time to analyze them.

The prize was found in Deed Record J on page 520, a deed dated 30 May 1832 for 41 acres sold to George Pontius in order to pays the debts of the deceased. The grantors were "Andrew Leist as administrator of the estate of Melcher Yotter deed and Christian UMBER and Catharine his wife late Catharine Yotter and widdow and relict of the said Melcher Yotter,
